THE LOS ANGELES COUNTY OFFICE OF EDUCATION

The Los Angeles County Office of Education (LACOE), the largest intermediate educational agency in the United States, provides classroom instruction for specialized student populations, and programs and services to 81 K-12 school districts and 13 community college districts in Los Angeles County. The Office of Education also serves as an intermediate administrative agency between districts and the California Department of Education.

The county's 94 districts include nearly 1,900 school sites, serve more than 1.7 million students, and range in size from Hughes-Elizabeth Lakes Union School District, with 430 students, to Los Angeles Unified, with about 746,000 students. More than 90 different languages are spoken by students in the county. One in three students is considered limited-English-speaking. Racial distribution among K-12 public school students is: 60.7 percent Hispanic, 17.6 percent white, 10.8 percent African American, 7.7 percent Asian, 2.1 percent Filipino, 0.5 percent Pacific Islander, and 0.3 percent American Indian.

The Los Angeles County Office of Education is directed by the County Superintendent of Schools, who is appointed by the County Board of Supervisors. The seven members of the County Board of Education are appointed to two- and four-year terms by the Board of Supervisors. The Board of Education establishes policies for LACOE and hears appeals on student expulsions, interdistrict attendance decisions and school district boundary changes.

LACOE provides programs and services to students, parents, educators and school districts in four major areas:

- **Educational Programs** — Direct instruction, per year, of more than 7,000 students with disabilities (Special Education), 20,000 juvenile offenders (Juvenile Court and Community Schools), and more than 2,500 students who are “at-risk” of dropping out of school (Alternative Education). LACOE also operates the L.A. County High School for the Arts and the L.A. County International Polytechnic High School.

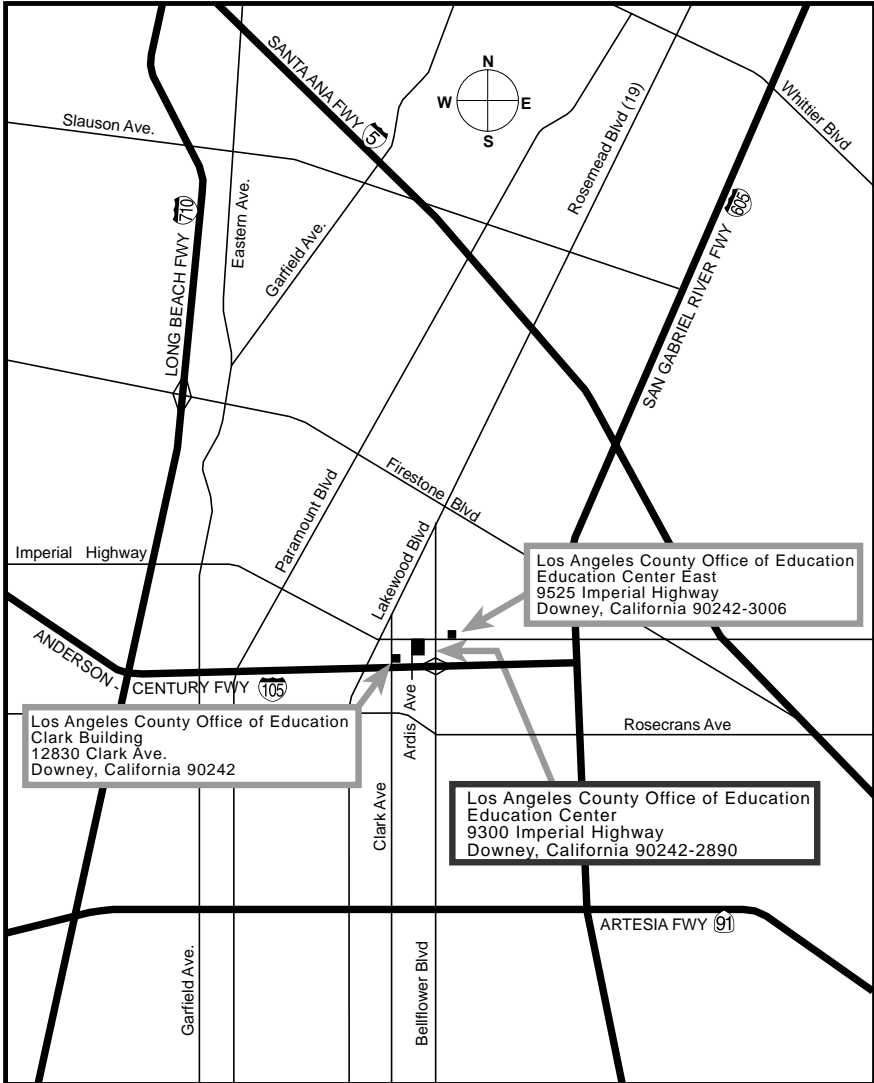

- **Educational Services** — Specialized and regional support services in the areas of school reform, teacher and administrator training, reading instruction and school-community partnerships; expert consultancy in curriculum, instruction and assessment; and family, literacy and employment services (occupational preparation, parenting programs, welfare-to-work training and the largest Head Start program in the nation).

- **Business Services** — Fiscal information processing (personnel, payroll and retirement) for 170,000 school employees; staff development programs for classified (non-certificated) personnel; state-mandated fiscal oversight of district budgets; and electronic school networks.

- **Telecommunications and Technologies** — State-of-the-art telecommunications and technology services to school districts, helping to train teachers and parents and mobilizing resources to increase technology access in classrooms; production and distribution of educational and distance-learning programs.

COMMUNITY COLLEGE DISTRICTS LOS ANGELES COUNTY

2003-2004 SCHOOL CALENDAR INFORMATION

The following information has been assembled from calendars adopted by K-12 school districts and community college districts within Los Angeles County during the spring and summer of 2003. It is possible that information for certain districts may have changed in the interim. Teachers' staff development days, inservice days, and parent-teacher conference days vary with each district and are not shown.

The holidays listed below will be observed by school districts within Los Angeles County that are on traditional schedules. **Exceptions to these dates are noted on the attachments.** Opening and closing dates, a listing of schools within a district that maintain year-round education, and calendars of religious observances are provided for your information.

HOLIDAY(S)	DAY OF WEEK	DATE(S)
