Get to know the BASD...

The **Bethlehem Area School District** is the sixth largest school district in the Commonwealth of Pennsylvania.

Located in the heart of the Lehigh Valley, it covers approximately 40.4 square miles and is comprised of five municipalities: City of Bethlehem, Boroughs of Fountain Hill and Freemansburg, and Bethlehem and Hanover Townships.

The district has 22 schools (16 elementary, 4 middle, and 2 high schools), 1 academy, 1 prekindergarten center, 1 vocational-technical school, 4 auxiliary buildings, and 1 stadium complex with a capacity of 12,588.

The district maintains neighborhood elementary schools, most of which are smaller than 500 students.

Student Enrollment...is 14,980.
83 percent of students go on to higher education. Targeted student-teacher ratio is 24:1 for grades K, 1, 2, and 3; 26:1 for grades 4 and 5; and 28:1 for middle and high school classes.

District employs...2,006
1,123 teachers/883 support staff.
62 percent of teaching staff holds master's degree or greater.

Academic Standards...
To raise the academic performance of students to competitive levels with students in other countries, the district adopted new performance standards in selected subject areas.

Child Care...
The entire program is self-sustaining; 1,020 students are served at 16 elementary centers. School-based programs are available before school, after school, and in the summer.

Cocurricular Activities...
Over 1,600 boys and 1,400 girls participate in middle and high school sports. Girls and boys have 22 sports from which to choose on the high school level and 7 sports on the middle school level.

Graduation Requirements...
Students must earn 26 credits, including 60 hours of community service, to graduate high school.

Family Centers...
Family centers offer health, social, and educational services to families within the BASD community.

Bethlehem Area Vocational-Technical School...
The vo-tech school serves approximately 1,300 ninth through twelfth grade students from three participating school districts and offers 30 different programs:
- 65% from BASD
- 25% from Northampton Area School District
- 10% from Saucon Valley School District

More than 95% of students who attend BAVTS are gainfully employed, are in post-secondary education programs, or are in the military.

Open Enrollment...
The BASD offers open enrollment for its elementary-aged students. The window to apply for open enrollment is generally between June 1 and August 1.

Applications are determined by the impact of additional students on the class size of the open enrollment school as well as the consequences of the loss of students at the sending school.

Acceptance into a school under open enrollment will not guarantee that a student's entire elementary school career will be spent in that school, and applicant must be made each year.

Families are responsible for providing their own transportation. There is no open enrollment at the middle and high school levels, and attendance in those schools is strictly contingent upon residency.

Student Code of Conduct...
The BASD adopted a code of conduct, which emphasizes traditional values through a character education curriculum, a discipline policy, and a dress code for staff and students.

Student Transportation...
The BASD's fleet has 111 buses, which is more than the local commercial bus service.

Approximately 54 percent of public school students (7,701) and 68 percent of eligible nonpublic school students (2,240) are transported daily, representing 76 public and private schools.

On a daily basis, the fleet clocks 6,200 miles, which is the equivalent of traveling from Bethlehem to California and back each day.

Technology...
Computer technology has been used in classrooms throughout the district for the past 16 years; all classrooms have Internet access.

Special technology teachers are in each school, and every student gets special instruction in technology.

The BASD started a Technology Learning Initiative where every sixth and seventh grader is assigned a laptop computer to learn twenty-first century skills.
