March 30, 2010

To the “Right-to-Know” office:

I am requesting digital GIS files of elementary, middle and high school attendance boundaries for Pittsburgh School District for the 2009-2010 school year. Per your district’s procedures, this letter represents a formal public records request for these digital GIS files.

I can work with any of the following digital formats:

- 1) ESRI shapefiles or geodatabases;
- 2) Edulog files;
- 3) AutoCAD files;
- 4) MapInfo.

If the files exist in another digital GIS format I can work with other formats as well.

Please include the coordinate system of the GIS data and/or the metadata of the files.

I see that Pittsburgh’s web page has a “school locator” web page and these “find-a-school” interactive web pages are driven by a digital GIS file.

I would prefer that the files be sent to me via email at sjsapo@wm.edu.

Sincerely,

Salvatore Saporito
