To Find a Street name press CTRL F or click in the Adobe "Find" tool on the toolbar.

Tips and Tricks:

For best results, only search for the street name, for example TYPE "Lakeline", DO NOT type "Lakeline Dr" or "Drive"; or search for as much of the street name that makes it unique from another. For example, if you search for "Lake" you will find "Lake", "Lakeview", and "Lakeline".

Campus Key:

For a "Campus Key" click on the bookmark on the left navigation bar.

If your version of Adobe Acrobat does not show a left navigation bar,

then press CTRL End to navigate to the last page of the document where the Campus Key is located;

or click on the link above this paragraph.
