

School District 1 High Schools

High School Attendance Boundaries in the Missoula Urban Area

This map displays high school attendance boundaries for students in and around the greater Missoula area for Missoula County Public Schools, School District 1. Every effort has been made to clearly identify which high school a student should attend. Additional questions should be directed to the District Office at (406)728-2400.

There are four high schools in School District 1 that serve grade 9-12 students. In addition, the District operates alternative high school programs at Willard School (students must apply and be accepted into alternative high school programs). The attendance area for each high school is in its own color. The school buildings and names are in black, as shown below.
