TO: Address Index Users DATE: 07/31/08

FROM: Barbara Hutton, Planning Analyst

SUBJECT: 2008-2009 Modesto Area Schools K-12 Address Index

This is your new **2008-2009 K-12 Address Index**. Due to the many additions, deletions, and revisions of streets within the Modesto area this past year, including boundary changes in the Stanislaus School District, it is very important that you do not use any previous versions of the Address Index.

#### Additional Information:

- The school designations for the streets and roads are as of July 1, 2008. Any changes to the school designations due to boundary changes after July 1 will be provided to users as they are approved by the Modesto City Schools Board of Education, or are provided to the Modesto City Schools Department of Planning and Research by the various elementary districts.
- The school boundaries contained in the Address Index are valid for one year.
- Space availability and special program needs may result in a student being assigned to a school other than the one shown for a specific address.
- Corrections and new street additions will be sent to all Address Index users through periodic addenda. It is critical that all such changes are noted in your Address Index so that incorrect information is not given to the public.

**School Boundaries for the Modesto High School District can be viewed and/or printed by going to [www.monet.k12.ca.us](http://www.monet.k12.ca.us) and click on Schools.**

If you have any questions or concerns or need additional copies of the Address Index, please call our office.

***Note: PLEASE RETURN YOUR OLD ADDRESS INDEX BOOK TO OUR OFFICE.***
